

# How do we respond to inappropriate behaviour?

## Behaviour Support Guidelines

### Pastoral Care Program

Our Behaviour Support Plan is developed around explicit teaching, positive acknowledgement and encouraging the behaviours we expect.

### Classroom Management

All teachers develop their own classroom plans, for teaching, encouraging and rewarding appropriate behaviour based the developmental phase of the class. Teachers will initially use low key responses to address inappropriate behaviour. If students continue to display unacceptable behaviour, the following consequences will apply. Some students may have individual plans to assist in supporting their behaviour.
