

## Good Standing Framework

Department of  
Education

Good Standing is underpinned by the following key principles of restorative practice:

- Positive interpersonal relationships are a major influence on behaviour.
- A culture of care supports all individuals in the school community.
- Cultural receptiveness and responsiveness is key to creating learning communities to mutual respect and inclusion.
- A restorative approach leads to individuals taking responsibility for their behaviour.

### Good standing

All students commence with and retain good standing while exhibiting behaviours that align with the school's values and beliefs.

### Loss of good standing

Loss of good standing occurs after a suspension or series of behaviours that are not aligned with the school student behaviour support guidelines.

### Shared responsibility

In partnership with students, their parents/carers and the school community, we share expectations and responsibilities for student behaviour.

### Social and Emotional Learning

Duncraig Primary School aims to support the physical, social, intellectual and emotional development of all students. Through the use of range of evidence-based framework, programs and strategies, Duncraig Primary School provides a safe, inclusive and caring learning environment where belonging and connectedness are paramount.
